Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-2934, 07/01/19, 1614 hours:** IERCC advised of an inReach activation at Latitude 37.163562, Longitude -118.669016, which returned near Mount Darwin on the Fresno-Inyo County line. The response from the inReach device was for a fellow hiker that had fallen and had a possible broken collar bone and leg injury. CHP Air Operations attempted a rescue but was called off due to high elevations (12,800 feet) and warm weather. CHP will return at 0500 hours on 07/02/19 for another attempt at a rescue. **MISSION ONGOING**
- **2019-LAW-2946, 07/01/19, 1526 hours:** IERCC advised of an inReach device activation at Lat 36.692072, Long-118.372643, which returns to the PCT Trail in the Sequoia Kings National Park (SKNP). The RO relayed through the device that they had fallen, broken their hiking poles, light headed and were unable to hike out. SKNP personnel responded with ground crews and had an extended ETA. SKNP made contact with the subject, they are suffering from altitude sickness, weakness and general sickness. First aid is being administered and rescue is being evaluated. **MISSION ONGOING**
- **2019-LAW-2924, 07/01/19, 1220 hours:** IERCC reported an inReach activation at Lat 36.562146N, Long -118.288250W. Those coordinates return to the Mount Whitney Trail in Inyo County. The two-way communication device relayed that the RO had fallen and injured their ankle. Inyo County SAR was notified of the incident and sent air support to the injured party. The rescue was called off due to high winds at the altitude of 12,800 feet. AFRCC was contacted and a CH47 was requested for the mission in the am of 07/02/19. **Update: 07/02/19, 0130 hours,** IERCC received a confusing message that the RO no longer needed assistance and the coordinates of the device were in the parking lot of the trail head. Further inquiry into the message revealed that the RO was not injured but another hiker was and was left at "Trail Camp" near Constellation Lake. Constellation Lake is 5 miles up the trail and at 11,600 feet. Inyo was given this information and they are reassessing their search. **MISSION ONGOING**
- **2019-LAW-2956, 07/01/19, 1040 hours:** Tulare County requested two (2x) HRD K9 teams to assist Porterville PD with an old Homicide case. The State K9 Coordinator was advised and is recommending the proper assets and resources for the mission. Dates and resources will be determined between Tulare and Porterville PD. **MISSION ONGOING**
- **2019-LAW-2930, 07/01/19, 0845 hours:** Tehama County requested 4 HRD K-9's teams for a search of an area where a skull was located off Highway 32. Shasta County will provide one of the teams and the State K-9 Coordinator will assist with the other three teams. The mission is set for July 9th. **MISSION ONGOING**

Cal OES LAW ENFORCEMENT MISSIONS (Continued)

Cal OES Law Missions

- **2019-LAW-2914, 06/29/19, 1624 hours:** AFRCC reported a possible ALNOT-Stolen Aircraft (N3504A) from Santa Cruz County. The plane was discovered missing on Wednesday, 06/26/19, at approximately 2030 hours. The plane is owned by a club with multiple members/owners, and there were no planned flights for that plane during that time frame. AFRCC could not complete a forensic RADAR of the plane without a distinctive criminal element. The case was turned over to Watsonville PD, who is investigating the case. US Coast Guard was notified of the missing aircraft and received a track of a *possible* plane (from AFRCC) that left Santa Cruz around the same time as N3504A. That track, per AFRCC dropped off the RADAR 3.7 miles off the coast of San Mateo County. A follow up investigation with the airport, flight instructors at the club, AFRCC, US Coast Guard, San Mateo SAR and Watsonville PD is being conducted. **Update:** US Coast Guard searched the area of the last known point of the suspected flight path of the aircraft 3.7 miles off the coast of Ano Nuevo State Park with negative results. Watsonville PD is conducting an investigation into the subject that the flight club believes was the pilot of N24580. **Update: 07/01/19,** Watsonville PD has entered the suspect/subject into the MUPS system as a mission person. His car was located at the airport near N3504A designated spot, his phone and wallet were located in his apartment and the family has not heard from him in several days. CalOES is reaching out to NTSB for forensic RADAR tract of plane to assist Watsonville with their investigation. **MISSION ONGOING**
- **2019-LAW-2902, 06/28/19, 1200 hours:** Tulare County Sheriff's Office contacted Cal OES Law Branch to acquire two (2x) HRD's for a 2016 homicide investigation taking place on 07/02/19. The resources were requested to be at the Tulare County Sheriff's Headquarters at 0700 hours on 07/02/19. The Cal OES K9 coordinator was advised of the request and began coordination. **MISSION ONGOING**
